140 pages and more than 140 illustrations and charts size 8 25 x 10 75 inches the original norton factory twin cylinder workshop manual contained maintenance and repair data for both the lightweight and heavyweight norton twins manufactured between 1960 and 1968 including the 750cc atlas model which was in production from 1962 1968 as many of the mechanical attributes from the atlas series were carried over into the early norton commando models we felt that the original twin cylinder manual was somewhat lacking as it did not include repair data for the early commando that evolved from the atlas consequently we have updated and expanded this floyd clymer edition of the original twin cylinder manual to include the oem norton manual part no 06 3062 for the 1968 1970 commando 750cc

models that were fitted with the atlas style exhaust and external rev counter drive to the timing cover beginning with engine no 126125 february 1968 and the early camshaft driven contact breaker models from engine no 131257 march 1969 while there is some duplication between the atlas and commando repair information we felt that the commando manual should be included in its entirety in order to complete the coverage of the original twin cylinder manual from 1960 through the 1970 model year it should also be noted that this manual includes significant maintenance and repair information for the amc norton matchless g15 hybrids that were manufactured from 1963 1967 engine numbers 107388 to 124371 important note many of the reprints found on internet websites are from bedroom sellers at enticingly low prices by individuals that really have no idea what they are selling many are nothing more than poor quality comb bound photocopies that are scanned and published complete with greasy pages and thumbprints and as such are deceptively described as pre owned in addition they are often advertised for the incorrect series and or model years of motorcycles however velocepress com has been publishing licensed reprints of motorcycle and automobile manuals since 2003 and our publications have earned excellent reviews worldwide so you can be assured you are purchasing a quality product we are pleased to offer this combined reprint of the factory twin cylinder and commando 06 3062 workshop manuals models covered are lightweight models jubilee 250cc 1960 1966 navigator 350cc 1961 1965 electra 400cc 1963 1965 heavyweight models model 88 500cc 1960 1966 model 99 600cc 1960 1962 650ss 650cc 1962 1968 atlas 750cc 1962 1968 g15 750cc 1963 1967 amc norton matchless hybrid commando 750cc 1968 1970 models only important please note that the 750cc commando manual is only applicable to the 1968 1970 models owners of later commando models are directed to our 1970 1975 manual isbn 9781588502438 and mkiii owners to our 1975 1978 manual isbn 9781588502445
