born as a germanic tongue with the arrival in britain of the anglo saxons in the early medieval period heavily influenced by norman french from the 11th century and finally emerging as modern english from the late middle ages the english language has grown to become the linguistic equivalent of a superpower and is now sometimes described as the world s lingua franca worldwide some 380 million people speak english as a first language and some 600 million as a second language a staggering one billion people are believed to be learning it english is the premier international language in communications science business aviation entertainment and diplomacy and also on the internet it has been one of the official languages of the united nations since its founding in 1945 it is considered by many good judges to be well on the way to becoming the world s first universal language author philip

gooden tells the story of the english language in all its richness and variety from the intriguing origins and changing definitions of common words such as ok beserk curfew cabal and pow wow to the massive transformations wrought in the vocabulary and structure of the language by anglo saxon and norman conquest through to the literary triumphs of beowulf the canterbury tales and the works of shakespeare the story of english is a fascinating tale of linguistic social and cultural transformation and one that is accessibly and authoritatively told by an author in perfect command of his material

the english language is like a fleet of juggernaut trucks that goes on regardless in this fascinating book robert burchfield editor of the four volume supplement to the oxford english dictionary expertly stresses both the resilience and flexibility of the english language tracing its history from the 5th century ad to the present day from the days of runes to the origins of printing through social religious political and industrial change in the eighteenth century through the rise of the british empire and the development of world english and into the twentieth century the english language has undergone sweeping changes the best brief survey i have read on the development of english anthony burgess an expert absorbing guide to the english speaking world s biggest asset sunday times it can be recommended without reservation to all who are sensitive to the subtlety richness and power of the language they speak british book news so skilfully written that it must surely take a place among the best three or four books ever written about our language birmingham post

unlike other histories of the english language this introduction cuts away traditional divisions into old middle and modern english to chart the rise of and changes in standard english it covers the english and historical background changes in phonology vocabulary and syntax and offers close analyses of individual texts of english from a wide range of periods the final chapter focuses on the place of english as a world language and the growing array of the varieties of english spoken today a useful appendix gives definitions of technical terms and phonetic symbols

the cambridge history of the english language is the first multi volume work to provide a full account of the history of english its authoritative coverage extends from areas of central linguistic interest and concern to more specialised topics such as personal and place names the volumes dealing with earlier periods are chronologically based whilst those dealing with more recent periods are geographically based thus reflecting the spread of english over the last 300 years

summary english is spoken or written today by a third of the world s population an unprecedented achievement for a language how has this situation come about and what happens to a language when it is used by so many in this illustrated history david crystal charts the development of the language

from the earliest runic inscriptions in old english through the emergence of a standard variety of english between 1400 and 1800 to the most modern forms of the language in concrete and text poetry in telling the story he draws on examples from english in its various guises and uses from our everyday english to english in the workplace and english used as a medium of playful and literary expression the regional and international varieties of english are also considered this book shows us where language is now where it has been and perhaps most important of all where it is heading for the new varieties of the language appearing in world literature and on the internet show that this is a story which is by no means over

this second edition of the history of the english language a sourcebook provides a comprehensive and accessible guide to the origins and development of the english language first published in 1992 the book contains over fifty illustrative passages drawn from the oldest english to the twentieth century the passages are contextualised by individual introductions and grouped into the traditional periods of old english early middle english later middle english early modern english and modern english these periods are connected by brief essays explaining the major linguistic developments associated with each period to produce a continuous outline history for this new edition professor burnley has expanded the outline of linguistic features at each of the main chronological divisions and included more selections and illustrations a new section has also been included to illustrate the language of advertising from the 18th century to the present the book will be of general interest to all those interested in the origins and development of the english language and in particular to students and teachers of the history of the english language at a level and university

a comprehensive yet concise history of the english language this accessible textbook helps those studying the subject to understand the formation of english it tells the story of the language from its remote ancestry to the present day especially the effects of globalisation and the spread of and subsequent changes to english now in its third edition it has been substantially revised and updated in light of new research with an extended chapter on world englishes and a completely updated final chapter which concentrate on changes to english in the twenty first century it makes difficult concepts very easy to understand and the chapters are set out to make the most of the wide range of topics covered using dozens of familiar texts including the english of king alfred chaucer shakespeare and addison it is accompanied by a website with exercises for each chapter and a range of extra resources

the english language is spoken by more than a billion people throughout the world but where did english come from and how has it evolved into the language used today in this very short introduction simon horobin investigates how we have arrived at the english we know today and celebrates the way new speakers and new uses mean that it continues to adapt engaging with contemporary concerns about correctness horobin considers whether such changes are improvements or evidence of slipping standards what is the future for the english language will standard english continue to hold sway or we

are witnessing its replacement by newly emerging englishes about the series the very short introductions series from oxford university press contains hundreds of titles in almost every subject area these pocket sized books are the perfect way to get ahead in a new subject quickly our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable

what is a history of the english language to a native speaker the answer to this question might seem obvious the story from beginning to end of the language that we use every day but a history of the english language raises the prickly question of what one means by english who speaks true english and are these speakers british american scottish or australian or something else entirely is the history of english the history of a written language or must such an inquiry contend with the divergent dialects and accents of english speakers around the world in a history of the english language n f blake abandons the traditional framework that divides history into three major periods old english middle english and modern english arguing that these periods were originally chosen because of their political as opposed to linguistic significance dating the emergence of the ideal of a unified english language to the reign of king alfred blake illustrates the way in which since its origin the concept of english has been largely a political and educational one detailing the influence that many parent languages west saxon latin and french to name a few had on the emerging tongue blake brings insight into the dynamic role that other languages continue to play in shaping english

named a book of the year by the daily telegraph times literary supplement the times spectator and the economist the english first materialized as an idea before they had a common ruler and before the country they lived in even had a name from the armed saxon bands that descended onto roman controlled britain in the fifth century to the travails of the eurozone plaguing the prime ministership of today s multicultural england acclaimed historian robert tombs presents a momentous and challenging history of a people who have a claim to be the oldest nation in existence drawing on a wealth of recent scholarship tombs sheds light on the strength and resilience of english governance the deep patterns of division among the people who have populated the british isles the persistent capacity of the english to come together in the face of danger and not the least the ways the english have understood their own history have argued about it forgotten it and yet been shaped by it momentous and definitive the english and their history is the first single volume work on this scale for more than half a century
